JAVAC

XTR ULTRA LIGHTWEIGHT RECOVERY SYSTEM

Features:

- 3/4 HP oil-less, brushless DC compressor.
- Easy to use, suitable for residential and light commercial.
- Compact and lightweight design, weighs only 8.5 kg!
- Integrated self purge function without the need to change hoses.
- Integrated multi pass condenser for faster recovery times.
- Highspeed fan provides exceptional cooling.
- Three valve manifold for superior control of liquid and vapour recovery with 50mm enclosed gauges.
- Weight balanced heavy duty case for easy handling.
- 2 metre power cord with ICE connector.
- High pressure cut out.
- Reusable inlet mesh filter.
- 1 year factory warranty.

ULTRA lightweight / ULTRA fast / ULTRA reliable and now ULTRA affordable

The original XTR was one of the first high performance recovery units that combined fast recovery with a fan powered condenser. The lightweight XTR Ultra has increased the affordability of the XTR range while living up to the XTR's reputation as a heavy duty work horse for recovery of a wide range of refrigerants required today.

The XTR ULTRA is specifically designed for HVAC/R field technicians who require a lightweight recovery option for standard refrigerants including R-410A, R-22, R-404A plus all other non-flammable CFC, HFC and HFO refrigerants.

JAVAC were early pioneers in refrigeration recovery and are the only Australian manufacturers of HVAC/R recovery equipment on the market today. Buy quality, buy JAVAC. A full range of HVAC/R products is available for service professionals.

Specifications:

Weight	8.5 kg
Size	L 320 mm
	W 220 mm
	H 260 mm
Connections	1/4 SAE
HP Cut Out	550 psi
Operating Temp	0°C to 45°C
Noise Level	75 dba
Warranty	1 Year Warranty

Calculated Recovery Ratings						
	Kg/min			Kg/hour		
	Vapour	Push/Pull	Liquid	Vapour	Push/Pull	Liquid
R-22	2.30	7.10	0.31	128	19	426
R404A	4.06	6.25	0.27	226	16	375
R410A	1.65	7.00	0.30	99	420	18
R407C	1.65	5.64	0.32	99	338	19
R134A	2.00	5.80	0.25	120	348	15

Part #	Description
XTR-ULT	Compact recovery system with built in condenser
